

## AL-ST150-0906 不干胶激光切割机

### AL-ST150-0906 PVC Laser Cutting Machine

#### 样品 Sample

#### 技术参数 Technical Parameters

型号 Model	AL-ST150-0906
工作范围 Working Area	900mm*600mm( can customize)
切割精度 Cutting Precision	±0.1mm
切割厚度 Cutting Depth	≤30mm
驱动方式 Driving Type	Imported guide rail and ball screw
工作温度 Operating Temperature	0-45°C
冷却方式 Cooling Type	Water Cooling( Pure water, antifreeze in winter)
工作电压 Power Supply	220V±10% 50HZ
消耗配件 Consumables	Laser Tube, Lens, Mirror
配套设备 Assistant Equipment	Industrial Chiller, Exhaust Fan
机器尺寸 Machine Dimensions	2000mm*1300mm*1200mm
机器重量 Machine Weight	450kg

#### 机器特点 Feature

- 耐用: 进口丝杠导轨, 高品质激光管, 恒温水冷系统, 寿命长  
Durable: Imported ball screw and guide rail, good quality laser tube, constant water cooling system, which ensures long lifespan of the machine
- 消耗极低: 外接电源220V即可, 且即开即用无需开机等待时间  
Low consumption: can be used immediately without waiting time for startup
- 操作简便: 切制软件与CAD、CDR、PS均能兼容  
Easy operation: compatible with CAD, CDR, PS
- 占地面积小, 节省空间成本  
Small size: save space cost
